Democracy never dies. Harrah for West Virginia!

What's the matter with Goff? He's

all wrong. Col. H. Kyd Douglas has had several slight hemorrhages of the lungs.

The principles of the Democratic party are living ones, and will sur-

the Democratic ticket, but the majorities were cut down considerably.

[Martinsburg Herald.]

The above shows an exhibition of gross ignorance or a wilful perversion of known facts, and is a fair sample of Republican honesty. Jefferson county increased her Democratic majority fourteen over the last Presidential election, and increased it one hundred and thirty-four over the last Congressional election. Cut down, ah! Well, we will continue to cut our majorities down in the same way hereafter. We rather like this kind of "cutting down" process, and it also pleases us to find our Republican neighbors so well satisfied with it.

Our Democratic exchanges should be a little careful about receiving and issuing foreign-printed news supplements. We observed in such a supplement last week, issued in the last considerable.

Our contemporary, we are quite sure, would never have admitted such a false statement into its regular home-printed columns. It should, therefore, be very careful about giving a foreign printing house the privilege of shaping and falsifying its political news. Better have less news, printed at home under your own eyes, and be sure that it is gospel Democratic truth. That's our opinion about the matter.

Wheeling, W. V.A., Nov. 18.—The official returns from this State are sufficiently ascertained to warrant the announcement of the election of Judge A: B. Fleming, the Democratic candidate for Governor, by a small but sure majority. The other candidates on the Democratic State ticket are elected by larger majorities. The Legislature will stand on joint ballot 46 Democrats, 44 Republicans and one labor-union independent. At no time has there been any doubt of the election of the Democratic electoral ticket by about 1,000 majority. The Republicans concentrated all their efforts and resources in the personal contest of Gen. Goff for Governor to secure a majority of the Legislature, in which event he would have been elected to the United States Senate.

labor, and thus Gen. Goff's majority has grown apace.

To-day official and semi-official returns are at hand from these condies, and Gen. Goff's padded plaralities sink out of sight under the wave of triumphant Democracy. Fayette come of 907. McDowell gives 57 instead of 141, and Wyoming fills the cup of Democratic joy by holding Goff's boodlers down to 35 instead of 75, as the Republican organ has claimed. This is a net gain of 290 overthe padded Republican figures. Numerous other reports received yestesday make up as much more. Glorious little Calhoun proves equal to the emergency and comes up with 399 majority for Fleming and honest government instead of 292, as it has been previously estimated. Greenbrier's majority for Fleming and increased by the full report gave Fleming an increased vote of 38 more, making it 140 instead of 102, and thus Judge Fleming's majority looms up into the longer of these compons. The table by which it was ever made to appear that Gen. Goff had even a shadow of planality was full of inaccuracies and wiful misrepresentations. Nothing more or less than deliberate falsehood represented Judge Fleming's majority in Barbour at 18 instead of 30. The same tactics willfully misrepresented Democratic majorities in every Democratic county.
